La factura de venta se anexa a un libro valor para todos sus efectos segun la Ley 261 del 1978.

...a taxa de venda se eleva para um novo valor para todos os efeitos legais em 12,1%.

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: a control group and an experimental group. The control group received a standard diet, while the experimental group received a diet supplemented with 10% of the total energy from fat. The subjects were then subjected to a 12-week intervention period. The control group received a standard diet, while the experimental group received a diet supplemented with 10% of the total energy from fat. The subjects were then subjected to a 12-week intervention period. The control group received a standard diet, while the experimental group received a diet supplemented with 10% of the total energy from fat. The subjects were then subjected to a 12-week intervention period.
