- Nota: Causal de Rechazo
- Se encuentra al menos un defecto tipo A
 - La cantidad total de defectos tipo B sea:
 - Igual o superior a 10 para vehículos Livianos Particulares y Pesados Particulares
 - Igual o superior a 7 para vehículos Motocarros, Cuatrimotos, Mototriciclos y Cuadriciclos
 - Igual o superior a 5 para vehículos Livianos públicos, Pesados públicos, Motocicleta, Ciclomotor y Tricimotor
 - Igual o superior a 5 para vehículos de enseñanza automovilística.
 - Igual o superior a 5 para vehículos tipo Cuatrimotos, Mototriciclos, Cuadriciclos, Ciclomotor, Tricimotor
 - Igual o superior a 1 para vehículos de enseñanza automovilística tipo Remolque o similares
 - Cuando se presente al menos un defecto tipo A para vehículos tipo Remolque o similares

NOTA:

1. El campo del resultado de la prueba de Óxido Nitroso (NO) en el formato, se aplicará cuando quede regulado por la entidad competente.
2. Los resultados aquí consignados corresponden al momento de la revisión técnico-mecánica y de emisiones contaminantes, y por ende es responsabilidad del poseedor o tenedor del vehículo mantener las condiciones técnico-mecánicas y de emisiones contaminantes que indican artículos 50- 51 de la ley 769 de 2002 o la que modifique o sustituya.
3. En caso de rechazo, el propietario, poseedor o tenedor del vehículo automotor objeto de revisión, deberá efectuar las reparaciones pertinentes y subsanar los aspectos defectuosos dentro de los quince (15) días calendario contados a partir de la fecha en que fue reprobado. Una vez realizadas las reparaciones, el propietario, poseedor o tenedor del vehículo automotor, podrá volver por una sola vez sin costo alguno al mismo Centro de Diagnóstico Automotor para someter el vehículo a la revisión de los aspectos reprobados en la visita inicial, conforme a lo indicado en el artículo 28 de la Resolución 3768 de 2013, o la que la modifique, adicione o sustituya.
